THANKSGIVING DAY

The Americans celebrate "Thanksgiving" on the fourth Thursday in November. Families have a large dinner with roast turkey, pumpkin pie and corn dishes. This is to remember a dinner prepared for the first time in 1621 by the Pilgrim Fathers, a group of people arrived in America from England with a ship called the Mayflower. The Pilgrims life was very hard at the beginning but the Native Americans helped them to plant corn and to hunt turkeys. When they had their first crop they decided to thank God and organized a great party.
